

## Section 1: Concrete Experience

1. How would you describe your initial experience with the industry partner?

- Very Positive
- Positive
- Neutral
- Negative
- Very Negative

2. What specific tasks or activities have you engaged in so far during the project? (Select all that apply)

- Data analysis
- Client meetings
- Market research
- Product development
- Report writing
- Team collaboration
- Presentation preparation
- Other:

3. How relevant do you find these tasks to enhancing your professional identity and employability?

- Very Relevant
- Relevant
- Neutral
- Irrelevant
- Very Irrelevant

**Section 2: Reflective Observations** 4. What have been your most significant learning experiences or challenges encountered in the project so far? (Select all that apply)

- Understanding industry-specific terminology
- Meeting project deadlines
- Communicating with industry professionals
- Balancing project work with academic responsibilities
- Adapting theoretical knowledge to practical applications
- Developing professional identity
- Other:

4. How often do you reflect on your progress and experiences during the project?

- Daily
- Weekly
- Bi-weekly
- Monthly
- Rarely

5. What methods do you use for reflection? (Select all that apply)

- Journaling
- Discussions with peers
- Meetings with mentors
- Personal notes
- Group discussions
- Reflective essays
- Other:

6. What successes have you recognized in your work, and what areas have you identified for growth? (Select all that apply)

- Successfully completing tasks on time
- Gaining positive feedback from industry partner
- Improving communication skills
- Enhancing technical skills
- Strengthening professional identity
- Need for better time management
- Need for stronger analytical skills
- Other:

**Section 3: Co-Created Feedback** 8. How frequently do you receive feedback from your industry partner?

- Very Frequently
- Frequently
- Occasionally

- Rarely
- Never

7. Do you feel involved in the feedback process and that your input is valued?

- Strongly Agree
- Agree
- Neutral
- Disagree
- Strongly Disagree

8. How has the feedback received influenced your approach to the project?

(Select all that apply)

- Adjusted project strategy
- Improved time management
- Enhanced communication methods
- Refined technical skills
- Strengthened professional identity
- Other:

#### **Section 4: Abstract Conceptualizations**

11. Based on your experiences and reflections, what new ideas or concepts have you developed? (Select all that apply)

- Innovative problem-solving approaches

- New market strategies
- Enhanced product design concepts
- Improved project management techniques
- Strengthened understanding of professional identity
- Other:

9. How do you plan to apply these new ideas or concepts in your current project? (Select all that apply)

- Integrating new strategies into project tasks
- Proposing new solutions during team meetings
- Applying improved techniques to enhance outcomes
- Strengthening my professional identity
- Other:

10. How has the project influenced your understanding of industry standards and expectations? (Select all that apply)

- Gained insight into industry workflows
- Improved understanding of professional standards
- Recognized the importance of punctuality and deadlines
- Understood client expectations and requirements
- Enhanced understanding of professional identity
- Other:

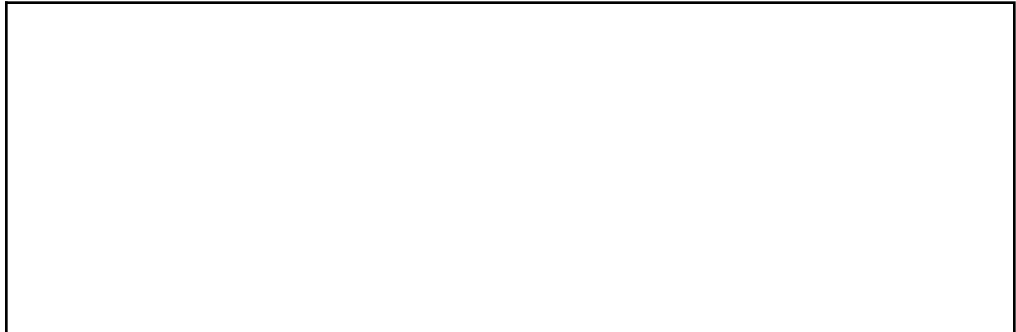

**Section 5: Active Experimentations** 14. Have you had the opportunity to apply new ideas and concepts in real-world scenarios during the project? - Yes - No

11. If yes, please describe the scenario and the outcomes of applying your new ideas.

12. What additional support do you need to further experiment and apply new concepts in the project? (Select all that apply)

- Access to more resources
- Additional training sessions
- More frequent feedback
- Enhanced collaboration tools
- Other:

**Section 6: Leveraging Technology** 17. Are you using any advanced tools (e.g., data analytics, data visualization, digital publishing platforms) in your project work? - Yes - No

13. If yes, please specify the tools and how they have enhanced your learning and collaboration. (Select all that apply)

- Data analytics software (e.g., Excel, SPSS)
- Data visualization tools (e.g., Tableau, Power BI)
- Project management platforms (e.g., Asana, Trello)
- Generative AI tools (e.g., ChatGPT)
- Digital publishing platforms (e.g., WordPress, Medium)
- Other:

14. Have you used AI tools like ChatGPT to assist in developing meta-cognitive skills and improving analytical objectivity?

- Yes
- No

15. If yes, please provide examples of how you have used these tools in your project.

**Section 7: Overall Feedback and Next Steps** 21. Overall, how satisfied are you with the progress of the industry live project so far?

- Very Satisfied
- Satisfied
- Neutral
- Dissatisfied
- Very Dissatisfied

16. What additional resources or support would help you at this stage of the project? (Select all that apply)

- More mentorship
- Access to industry experts
- Additional training materials
- Better communication tools
- Other:

17. Any additional comments or suggestions?

**End of Survey** Thank you for your participation! Your feedback is invaluable and will help us improve the industry live project to better support your learning and professional development.
