Post-Industry Live Project Survey

Purpose: To measure the impact of the industry live project at the end of the project. This survey builds on previous surveys to assess the skills distance travelled, enhancement of professional identities, and overall employability. It will also evaluate the broader impact on students, businesses, universities/departments, and the wider economy and society, aligning with the Chronosystem.

Instructions: Please answer the following questions honestly. Your responses will help us understand the impact of the industry live project and support ongoing improvements. All responses are confidential.

Section 1: Concrete Experience

1. How would you describe your overall experience with the industry partner?
   - Very Positive
   - Positive
   - Neutral
   - Negative
   - Very Negative

2. What specific tasks or activities did you engage in during the project? (Select all that apply)
   - Data analysis
   - Client meetings
   - Market research
   - Product development
   - Report writing
   - Team collaboration
   - Presentation preparation
   - Other:

3. How relevant were these tasks to enhancing your professional identity and employability?
   - Very Relevant
   - Relevant
   - Neutral
   - Irrelevant
   - Very Irrelevant

- Understanding industry-specific terminology
- Meeting project deadlines
- Communicating with industry professionals
- Balancing project work with academic responsibilities
- Adapting theoretical knowledge to practical applications
- Developing professional identity
- Other:

4. How often did you reflect on your progress and experiences during the project?
   - Daily
   - Weekly
   - Bi-weekly
   - Monthly
   - Rarely

5. What methods did you use for reflection? (Select all that apply)
   - Journaling
   - Discussions with peers
   - Meetings with mentors
   - Personal notes
   - Group discussions
   - Reflective essays
   - Other:

6. What successes have you recognized in your work, and what areas have you identified for growth? (Select all that apply)
   - Successfully completing tasks on time
   - Gaining positive feedback from industry partner
   - Improving communication skills
   - Enhancing technical skills
   - Strengthening professional identity
   - Need for better time management
   - Need for stronger analytical skills
   - Other:

Section 3: Co-Created Feedback 8. How frequently did you receive feedback from your industry partner?

- Very Frequently
- Frequently
- Occasionally
- Rarely
- Never

7. Did you feel involved in the feedback process and that your input was valued?
   - Strongly Agree
   - Agree
   - Neutral
   - Disagree
   - Strongly Disagree

8. How did the feedback received influence your approach to the project? (Select all that apply)
   - Adjusted project strategy
   - Improved time management
   - Enhanced communication methods
   - Refined technical skills
   - Strengthened professional identity
   - Other:

[blank box]

    - Yes
    - No

15. If yes, please provide examples of how you used these tools in your project.

Section 7: Professional Identity and Social Responsibility

21. How has this project influenced your professional identity? (Select all that apply)

- Increased confidence in professional skills

- Strengthened understanding of professional roles

- Enhanced ability to articulate career goals

- Improved cultural competence

- Greater awareness of social responsibility

- Other:

16. How prepared do you feel to enter the job market after completing this project?
    - Very Prepared
    - Prepared
    - Neutral
    - Unprepared
    - Very Unprepared

17. What skills or areas do you still feel need improvement before entering the job market? (Select all that apply)
    - Technical skills
    - Communication skills
    - Networking skills

- Project management skills
- Cultural competence
- Other:

[   ]

18. How has your understanding of social responsibility evolved through this project? (Select all that apply)
    - Recognized the importance of ethical practices
    - Increased awareness of sustainability issues
    - Enhanced commitment to community engagement
    - Improved understanding of diversity and inclusion
    - Other:

[   ]

Section 8: Overall Feedback and Next Steps 25. Overall, how satisfied are you with the industry live project experience? - Very Satisfied - Satisfied - Neutral - Dissatisfied - Very Dissatisfied
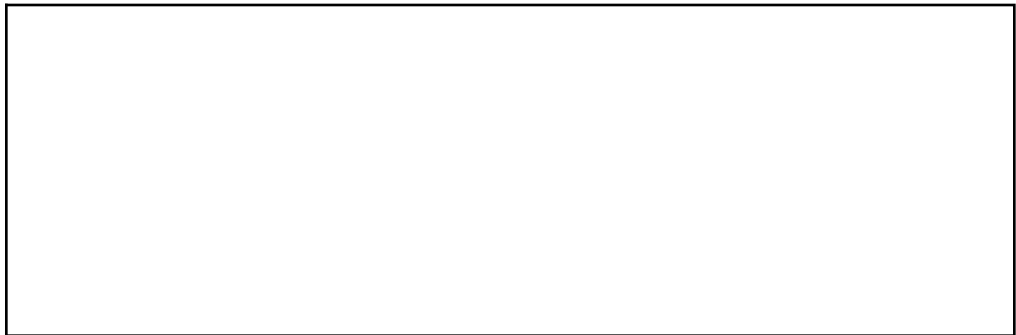

19. What additional resources or support would you recommend for future projects? (Select all that apply)
    - More mentorship

- Access to industry experts
- Additional training materials
- Better communication tools
- Other:

20. Any additional comments or suggestions?

21. **End of Survey** Thank you for your participation! Your feedback is invaluable and will help us improve future industry live projects to better support student learning and professional development.
